REACT-CLONE SITE

routing and nested routing made it easy to do routing and routing inside routing, all color effects and border-radius,height,width etc. are as same as react original website.

ADVENTURE-SITE

Adventure: where the extraordinary becomes your everyday. this site will give you same vibes. it's made by using html,css and some of bootstrap

HOVER-EFFECT-SITE

A hover effect on a website is a dynamic design element that responds to user interaction.
